HELLO

Part of MAG, East Midlands Airport (EMA) continues to grow with over 4.8 million passengers travelling during FY2018 and 360,000 tonnes of freight moving through the airport during the same period.

Continuing to serve a mixture of leisure and business travellers with key airlines including Ryanair, Jet2, TUI, Thomas Cook, Flybe, bmi regional and more, the airport connects passengers to a growing list of destinations including new routes, Hurghada and Bodrum, favourites, Florida, Mexico and New York, and business destinations including Brussels, Berlin and Edinburgh.

With the increase in passengers, our retail experience continues to grow, including Starbucks, World Duty Free, Cloud Spa, and four new stores and restaurants coming in FY2019.

Our 24-hour operation enables EMA to be a key strategic asset to the UK's global supply chain; connecting UK PLC with Europe and nearly 200 non-EU countries. It is the UK's primary express cargo airport, hosting hub operations for DHL, FedEx, UPS, Royal Mail and Amazon's recently launched air operation.

We wish you a successful 2018/19 and look forward to working with you.

Thanks,
East Midlands Airport

A noise certificate will be required to determine exact arrival and departure band

* Section 3 of the London Airports Noise Restriction Notice, published as a supplement of the UKAIP by the Civil Aviation Authority on behalf of the Department for Transport. This supplement is revised twice a year. Until an aircraft type is included in the supplement, the Airport Company will use its own discretion in classifying the QC value of that aircraft type.

2.5 QC8 and QC16 Surcharge

All aircraft are allocated a QC value for both landing and departure calculated on the basis of the noise classification for that aircraft. Arrival and departure QC values for the same aircraft usually differ, with departure QC values typically being higher.

At East Midlands Airport QC8 and QC16 night movements between 23:00-07:00 local time will only be permitted in exceptional circumstances (such as delays due to technical reasons) and only with the prior permission of the Airport Company or the permission of air traffic control (ATC) prior to pushback from stand. Such movements will be charged at the Band D rate with an additional noise surcharge of £5,000 per QC8 movement and £10,000 per QC16 movement. All proceeds from the QC8 and QC16 Surcharge are donated to the Airport's Community Fund, which awards grants to projects and activities that benefit local communities.

QC8 and QC16 scheduled services during the period 23:00-07:00 local time are not permitted.

Full details of arrival and departure QC values of aircraft can be obtained from the United Kingdom AIP supplement or by contacting cargo@eastmidlandsairport.com or environment@eastmidlandsairport.com or calling +44 (0)1332 852894 or 852912.

2.6 Cargo Aircraft Parking

Aircraft parking is timed and charged from 'wheels-on' to 'wheels-off' the runway.

The first two hours parking for all operations is free of charge. Thereafter, parking is charged at the following rate:

£0.34 per tonne or part thereof per hour or part.

For aircraft arriving and departing between 07:01-21:00 local time on the same day the free parking period is extended as follows:

MTOW greater than 200 tonnes up to and including 300 tonnes – First 4 hours free of charge.

MTOW greater than 300 tonnes – First 6 hours free of charge.

Remote parking is available on the West Apron (Stands 200-203) at a reduced cost of:

£0.23 per tonne or part MTOW, per hour or part.

Aircraft cannot be serviced on Stands 200-203. These stands are designed for aircraft from AN-124/B747-400 or smaller requiring overnight or longer periods of parking.

Remote parking is also available on stands 61-65 in the maintenance area (outside the Critical Part) at a reduced cost of:

£0.15 per tonne or part MTOW per hour or part.

Aircraft cannot be serviced in the maintenance area and these stands are designed for B757-200/C130 Hercules aircraft or smaller requiring extended periods of parking. The free parking periods above do not apply to these stands.

All aircraft must be towed to/from Stands 200-203 on the West Apron and stands 61-65 in the maintenance area.

2.6.1 Discounted Rates for Long Term Cargo Aircraft Parking

Discounted rates for long term parking may be available.

Details on request from the EMA Cargo Department on +44 (0)1332 852894 or by email to cargo@eastmidlandsairport.com

3. General Aviation (GA)

In the interests of safety & security, all visiting General Aviation Aircraft using the Airport must use a designated Handling Agent when operating to/from the main (east, central and west) aprons and the maintenance area.

Handling must be booked in advance of arrival with one of the approved Airport Handling Agents, contact details can be found later in this document. A handling reference number may be issued which must be given to ATC over the Radio Transmission (RT) after landing. ATC will then direct you to the appropriate parking area where your Handling Agent will meet you.

Failure to book a Handling Agent in advance of arrival will result in an Airport operations vehicle meeting your Aircraft. They will guide and marshal your Aircraft to a safe parking position then escort pilot(s) and passenger(s) landside where the following compulsory charge will be levied (payable on-the-spot to the Company Operations by cash or credit card) for the service provided.

Aircraft with a MTOW of 0 to 2 tonnes	£86.95+VAT
Aircraft with a MTOW greater than 2 tonnes up to and incl. 5 tonnes	£231.86+VAT
Aircraft with a MTOW greater than 5 tonnes up to and incl. 10 tonnes	£463.71+VAT
Aircraft with a MTOW greater than 10 tonnes up to and incl. 20 tonnes	£695.57+VAT
Aircraft with a MTOW greater than 20 tonnes	£927.42+VAT

Further access to the aircraft will only be possible through one of the designated Handling Agents listed on page 32 of this document.

3.1 General Aviation (GA) Aircraft Charges

3.1.1 GA Aircraft Air Traffic Service (ATS) Charge

Aircraft will be charged £2.55 per tonne or part thereof on departure.

3.1.2 GA Aircraft Runway Charge

Aircraft will be charged £10.72 per tonne or part thereof on departure.

3.1.3 GA Aircraft Parking Charge

Per hour per tonne or part tonne
(First 2 hours free) £0.34

3.1.4 Minimum Charge (For aircraft 2 tonnes MTOW or less)

Minimum charge (invoiced):	Minimum charge (paid by Operator to Handling Agent prior to departure):
-----------------------------------	--

Runway: £34.63	Runway: £31.62
ATS: £3.58	ATS: £3.57

3.2 Discounted Departure Blocks

Blocks of departures are available to Aircraft owners and Operators only and may be purchased in advance from the Company Revenue Department (Tel: +44(0)161 489 2336 or email: revenue.eastmidlands@manairport.co.uk) and will attract the following discount on the standard combined Runway and ATS charge:

25 departures block: 8%	50 departures block: 23%
75 departures block: 33%	100 departures block: 48%

Notes:

- Each block will be valid for 12 months from the date of issue. No refunds will be given for unused departures. Each block is exclusive to an aircraft registration.
- Each block will be inclusive of any parking charges. Aircraft parked over 30 consecutive days will be charged parking at tariff for the whole parking period.
- All holders of blocks may be issued a unique handling reference number. This may be required by ATC over the RT after landing.
- Holders of blocks are deemed to be familiar with operations in the maintenance area and are, therefore, exempt from the requirement to designate a Handling Agent when using this area. However, use of the three main aprons (central, east and west) requires a Handling Agent to be appointed. Operators purchasing a block of landings for the first time may be required to use a handling agent for an introductory period if they are unfamiliar with maintenance area operations.
- Parking on all aprons is subject to availability.
- Blocks of departures will not be available from 7 days before, up to and including one day after any 'special event' held at Donington Park, as may be notified from time to time.

4. Environmental Charges

4.1 Night Noise Surcharge

An additional charge of 25% of the applicable Runway and ATS Charge applies to all departing passenger Aircraft between 23:30-06:00 local time that fall into QC categories above QC2.

For cargo aircraft see Cargo Section 2

4.1.1 Noisy Aircraft Penalty Scheme

Aircraft departing between 23:00-07:00 local time are required to operate within a maximum noise limit (measured at a distance of 6.5km from start of take off roll). The maximum noise limits are defined as follows:

Aircraft Maximum Take-Off Weight (MTOW)	Maximum Noise Limit (dB(A))
100 tonnes or less	83
Greater than 100 tonnes but less than 300 tonnes	87
300 tonnes or greater	92

Aircraft that exceed the maximum noise limit will be subject to a penalty of £750 for an infringement of 1 decibel or less and an additional penalty of £150 for each decibel thereafter.

Aircraft with a QC on departure of 8 or 16 are not permitted to depart between 23:00-07:00 local time without the Airport's permission. A surcharge of up to £10,000 per departure applies. For further information please contact the Environmental Department (for contact details see page 31 of this document).

These noise limits are regularly reviewed.
